A Heavy Load to Carry.

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and its products assimilated by the system. The blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not fed on good, red blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not head work, nor over physical exertion that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicinal roots without a particle of alcohol or dangerous habit-forming drugs.

A little book of extracts, from prominent medical authorities extolling every ingredient contained in Dr. Pierce's Golden Medical Discovery will be mailed *free* to any address on request by postal card or letter. Address Dr. R. V. Pierce, Buffalo, N. Y.

Many years of active practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense, both in time and in money, to perfect his own peculiar processes for rendering them both efficient and safe for tonic, alterative and rebuilding agents.

The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of its ingredients. The publication of the *names of the ingredients* on the wrapper of every bottle sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an unknown or secret remedy. It is not a patent medicine nor a secret one either. This fact puts it *in a class all by itself*, bearing as it does upon every bottle wrapper The Badge of Honesty, in the full list of its ingredients.

The "Golden Medical Discovery" cures, weak stomach, indigestion, or dyspepsia, torpid liver and biliousness, ulceration of stomach and bowles and all catarrhal affections no matter what parts or organs may be affected with it. Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up 40 years ago. They regulate and invigorate, stomach, liver and bowels. Much imitated but never equaled. Sugar-coated and easy to take as candy. One to three a dose.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

NEW RAILROAD RATE LAW.

The new railroad rate law, which applies to all railroads doing an interstate business, went into effect at midnight last night. It will be enforced by the Interstate Commerce Commission. According to the new law, the roads were to have filed with the commission by midnight all their tariffs and charges, showing not only the full cost of transportation from point to point, but also what items go to the making up of this cost. From today on there can be no "extras," but the shipper is expected to be able to obtain in advance a final statement of the charge he has to meet.

The bill applies to oil pipe lines as well as railroads.

The Interstate Commerce Commission, which is enlarged to consist of seven members, shall have control of the making of all rates, the fixing of all tariff schedules and the hearing of all complaints bearing on the subject of railroad and pipe line transportation.

If any common carrier disobeys an order of the commission, except for the payment of money, United States courts shall enforce obedience by injunction or other process.

Special agents or examiners empowered to administer oaths and examine witnesses sha'l be appointed by the commission. Any examiner who divulges any facts or information under such circumstances, except as directed, shall be fined not more than $5,000 or imprisoned for not more than two years, or both.

Whenever common carriers fail to agree upon an order of the commission relative to a division of rates or fares the commission shall settle the question at issue.

Every common carrier must make an annual report to the commission, giving in detail all facts and figures connected with its operation, profit and loss, issuing and sale of stock, rates, salaries paid and moneys collected and disbursed.

For making false entries or destroying or altering the books of a common carrier the guilty person shall be fined not less than $1,000 nor more than $5,000, or imprisonment for a term not less than one year nor more than three years, or both.

Upon application of any branch railroad or any shipper, a railroad shall construct and operate on reasonable terms necessary switch connection, and shall furnish cars for the business of such shipper.

Every common carrier shall post conspicuously and file with the commission schedules of rates and fares between points on its own line and on other lines with which it has connection.

For offering, soliciting, giving or accepting rebates or favors the penalty, in addition to a fine of not less than $1,000 nor more than $20,000, shall also be imprisonment in the penitentary for not more than two years, at the discretion of the court.

Where railroads offer or shippers accept rebates the offending party shall not only forfeit three times the amount of money received and accepted, but all rebates accepted for six years prior shall be included in the amount.

No railroad shall, directly or indirectly, issue any free pass after January 1, 1907, except to its employes and their families or its officers, agents or attorneys at law; to ministers, traveling secretaries of the Railroad Young Men's Christain Association, inmates of hospitals or soldiers' homes, caretakers of live stock and fruit, linemen of telegraph companies, postal officials, customs inspectors, train newsboys or witnesses attending suits in which the railroad is interested.

Precedence shall be given to the transportation of troops and material in time of war.

Mrs. Patterson to Marry.

Announcement was made in Omaha, Neb., yesterday that Mrs. Cora Lathrop Patterson, the beautiful and accomplished [illegible] wife of James Patterson, son of the [illegible] millionaire, Richmond, (Va.) [illegible] man, is soon to be married to [illegible] P. Cronk, a well-known young business man of Omaha, and formerly grand exalted ruler of the Elks.

The names of Mrs. Patterson and Mrs. Cronk have been more or less associated in the public mind ever since May 16, 1903, when the woman who was then Cronk's wife, but who has since obtained a divorce from him, seeing Mrs. Patterson boarding a train at Council Bluffs upon which Cronk was going to Virginia to attend the national convention of the Elks, made an attack upon her.

Mrs. Cronk was jealous of Mrs. Patterson because of the attentions Cronk had been paying the beautiful young divorce and that jealousy and a well-defined suspicion that Cronk and Mrs. Patterson had prearranged to go East together led to the assault, which was witnessed by hundreds of people, and created a distinct sensation there and elsewhere.

Not long before this incident, Mrs. Patterson had figured in divorce proceedings in the District Court at Omaha, finally, after a long and bitter contest, obtaining a legal separation from the rich young Virginian whom she had married. Recently Mrs. Cronk applied for and obtained in the same court a decree of divorce from her husband.

He Was in Trouble.

"I was in trouble, but found a way out of it, and I'm a happy man again, since Dr. King's New Life Pills cured me of chronic constipation," says E. W. Goodlee, 107 St. Louis St., Dallas, Tex. Guaranteed satisfactory. Price 25c at E. S. Leadbeater & Sons' drug store.

Flood at Winchester.

For the seventh time in 60 days Winchester was floodswept yesterday afternoon, a series of severe rainstorms filling Water, Market and other business and residential streets with water from curb to curb. At many places the sidewalks were entirely submerged, and the water swept over porches and into many of the stores, were hundreds of dollars' damage was done. Electric light and telephone wires were broken by the storm, and communication with Washington and Baltimore was partially interrupted early yesterday afternoon. The streets were impassable last night, and horses harnessed to carriages and heavier vehicles were swept off their feet by the flood. Several persons had narrow escapes from drowning in the streets. Reports received last night from points in the valley as far as Harrisonburg say that the storm has caused heavy floods at many points. The Baltimore and Ohio and Southern Railway tracks have been badly washed.

Battle With Devilfish.

A sworn statement signed by State Treasurer J. W. Robbins, Dr. Goodall Wootten and several other prominent citizens of Austin, Texas, was received yesterday in that city, giving an account of a desperate encounter which they and other men had with a huge devilfish at Arkansas Pass, Tex, three days ago. They were dragged 18 miles to sea by the monster. When the big fish was first seen one of the men in the gasoline launch threw a harpoon into it. The fish at once made for the open sea dragging the launch with it. Efforts to sever the rope holding the harpoon were unsuccessful. A signal of distress was made on another launch and the government life-saving crew went to the rescue. After four hours' battle the fish was killed. It took 30 men to land it upon the beach. It was 25 feet long and eight feet across, and weighed near 3,000 pounds.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING, AUG. 28, 1906.

THE retirement of General Scott Shipp from the superintendency of the Virginia Military Institute will be learned with regret throughout the State. He has been closely associated with the institute since his boyhood days, and has helped in no small way to make it the "West Point of the South." The close of the present academic year will complete the fiftieth year of his continuous connection with the institute, of which he served twenty-eight years as commandant of cadets and sixteen and one-half years as superintendent. Now declining years compel him to retire to public life and in his manly letter of resignation he says:

I believe a change of administration will be in the best interests of the institute. Changed conditions in recent years seem to require of the head of an educational institution qualifications which I have never possessed, and am now too old to acquire. The proper conduct of an institution which attempts to enforce military discipline, when the essential basis of discipline, physical force, is wanting, is difficult beyond the conception of any one who has not had the responsibility of the effort imposed upon him.

THE Standard Oil Company, it is stated, has taken steps toward acquiring ownership of all the principal distilling plants in the United States. A conference was held Friday last in Chicago between representatives of the distilling interests and the Standard Oil Company. A price has been set upon every distillery in Peoria, Ill., and indications are that a deal will be effected and the plants will pass into the hands of the Standard soon. The chief reason of this action on the part of the Standard Oil Company was the recent passage of the alcohol bill by Congress. Experts employed by the Rockefeller interests, after experiment, reported their product cannot be manufactured cheaply enough to make a serious competitor of gasoline, but that it would be used in the manufacture of mercerized cotton and other fabrics, and would be an extremely favorable product to control. When the distilleries are formed into a trust of course the price of whisky will go up, as will also a howl throughout the country.

IN AN interview in Baltimore yesterday Senator Rayner declared that the tariff and "executive usurpation" were the chief issues of the pending campaign. He also accused the President and Speaker Cannon of deliberately strangling the "anti-vote-buying" bill. The Senator is right and the two issues named by him should be sufficiently strong planks in the democratic platform to carry that party to victory. It will be remembered that but twice in forty-five years has a democrat occupied the White House and on both these occasions tariff reforms were the issues which won.

WITH MANY people Mr. Roosevelt, like the king, can do no wrong; indeed he seems to have completely hypnotized his followers. He has repeatedly shown that he considers his will the law and that he will go the limit when he wishes to do so. His reform method of spelling is his last fad and all documents emanating from the White House during his occupancy thereof are to go to the public in the Roosevelt system. Of course the next President will have the right to send out his documents using the old method of spelling and then there will be confusion worse confounded.

THE LAST regular meeting of this session of the City Council will be held tonight and the new Council will meet to organize at noon on Saturday, September 1st. For the first time since 1901 there has been no summer recess taken by Council, and the continued session during that summer was the first time that no recess had been taken in many years previously.

DR. CHANCELLOR, recently elected superintendent of the schools of the District of Columbia, announces that the new reform spelling adopted by President Roosevelt will be made an alternative feature in the administration of the schools in the District. In other words, the pupils may spell a la Webster or a la Roosevelt, as they choose.

THE PRAYERS for rain have been studiously avoided in all this section during the entire summer.

Local Option Case.

Judge Harrison, of the Court of Appeals, has granted a writ of error in the Basic City local option case involving the question of who shall vote at special elections in Virginia. The local option statute refuses an appeal, and it was only because a constitutional question was brought up that the appeal was granted. This case has been watched with a great deal of interest, not only by citizens of Basic, where the fight was made, but all over the country. Judge Letcher's decision in the Circuit Court in favor of the dry element was generally supposed to have decided the question.

Valparaiso suffered another heavy earthquake shock yesterday but no damage was done.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Aug. 28

The railroad rate law becoming effective today, the event was signalized by a public conference of the representatives of New England and Central railroads with those members of the commission now in the city, Messrs. Knapp, Cockrell, Clements and Lane. It was the first skirmish in the battle of wits which is now to ensue. The Interstate Commerce Commissioners are determined that the railroads shall interpret the law according to their own lights, comply with as much of it as they desire and take the consequences if a mistake is made. The railroad representatives want an interpretation on various moot questions but the commission, so as to be guided and protected by it if differences should ensue. About fifty railroad men were present when the informal meeting was called by Chairman Knapp this morning. B. D. Caldwell, vice president of the Delaware and Lackawanna was the first speaker. He asked for an extension of the time for the filing of schedules and asked that present methods of posting tariffs be permitted to continue.

George V. Massey, general solicitor of the Pennsylvania Railroad Company, gave the assurance that reports that the fines reported at the hearing are antagonistic to the law, are unfounded.

The home-coming of William Jennings Bryan is not to be without its heart burnings. If the conflicting interest of those who are desirous of showhim special attention are not speedily harmonize the distinguished guest may be embarrassed. The trouble relates to the receiving of Bryan just after he passes quarantine. The customs officials in New York have been applied to for permission to have Bryan taken from the liner by a tug. This permission could be readily granted if it were not that five distinct organizations have made such application. They are Tammany, the Commercial Travelers' Association which has arranged the Bryan reception, the Missouri Bryanites, the Nebraska Bryanites, and the New York Board of Trade. Each organization has been pressing the customs officers with reasons why it should be the favored one. Assistant Secretary Reynolds has been appealed to. He will probably insist that the various organizations settle the difficulty among themselves.

Capt. H. H. Hosley, the man who took the dry dock Dewey from this country to the Philippines, has returned to Washington and today filed at the Navy Department a complete report of his trip which will be made a part of the annual report of the chief of the navigation bureau. Suicide in Temple.

Mr. Gilbert R. Walter, a general agent of the Prudential Insurance Company, and a prominent member of Oheb Shalom Temple, Baltimore, blew his brains out with a revolver yesterday morning in a stateroom adjoining the trustees' room, in the lower part of the temple, at Lanvale street and Eutaw Place. His body, lying in a great pool of blood, was discovered later, and it was at first thought that he died from a hemorrhage until the arrival of Coroner Baldwin, who, upon examination, found the revolver with which Mr. Walter had shot himself. He decided that death was due to suicide by shooting and deemed an inquest unnecessary. No cause for the affair could be given by members of Mr. Walter's family, although Mr. Walter, it was stated, had on several occasions appeared depressed, supposedly from business troubles. The Walter family is one of the most prominent in Jewish circles, in Baltimore, and at one time was among the wealthiest. Mr. Walter was the youngest of four brothers. He was fifty-three years old. His uncle, a brother of his father, killed himself in the same manner about forty-five years ago.

The republican party maintains a similar position.

Nine years ago Mrs. John Coleman, so she claims, murdered her two year-old daughter in Towanda, Pa. For nine years she kept the secret to herself. She has been a wanderer and an outcast, pursued wherever she went by the thought of her crime. Two months ago she was sent to the Pentrostal State Mission by Recorder Roberts. Last Thursday during the revival camp meeting at Port Dickinson she made a public confession of her alleged crime.

Distinct progress has been made toward the settlement of the dispute between Turkey and France with regard to the frontier of Tripoli adjacent to the French Sahara. An official note given out in Paris last night announces that Turkey, in compliance with the request of France, has ordered the evacuation of Djanet, or, if not yet occupied, the instant return of the Turkish troops marching to that place. The status, quo ante, the note also states, is re-established until an arrangement can be made to fix the boundary between the Ghat Oasis and the French possessions.

The correspondent of the Berlin Lokal Anzeiger at Seoul has had an interview with the Marquis Ito, the Japanese resident general, who said that many Japanese wanted to annex Korea to Japan, but the Emperor of Japan and the Marquis Ito wanted to restore its independence as soon as Korea was strong enough to defend herself. Japan, the marquis added, could not allow another nation to attain predominant power in Korea, but all nations are to enjoy the open-door policy. The Marquis Ito, in conclusion, said he hoped in time to bring Korea into a State which would satisfy all nations.

A dispatch from Huntington, W. Va. says that Capt. Walter Davidson, of Ironton, O., a conductor on the Norfolk and Western Railroad, on Sunday night shot and killed John and Howard Pope, brothers. The Pope boys were on Davidson's train, endeavoring to steal a ride, so it is alleged, and when the conductor discovered them a row began, which ended in the tragedy. The shooting occurred just as the train was pulling out of Naugatuck station.

The Bishop of Bayonne, France, has sent a circular to the clergy of his diocese, with reference to the Pope's encyclical on the law providing for the separation of church and state, which is attracting considerable attention in view of the approaching second conference of the French bishops, whose action is anxiously awaited by the clericals. The Bishop declares that the church has no right to adapt its divine constitution to "the legislative fantasies of short-sighted politicians, who are showing themselves to be enemies of the republic by suppressing the liberties and oppressing the conscience of the clericals, whose only defense is to place themselves under common law as French citizens."

Killed by a Jealous Man.

New York, Aug. 28.—Maddened by a jealousy, Martin Winterstein, a fireman on the steamship Colon, shot and killed Mrs. Annie Larson and fatally wounded her companion, Mrs Fannie Brunn, in their rooms in Brooklyn today. Winterstein told the police that he killed Mrs. Larson because she jilted him and shot Mrs. Brunn because she twitted him about his unsuccessful love affair. Immediately after the shooting, Winterstein walked out into the street and fired his revolver at a policeman to make him take notice. "It is a good thing," he said. "I love her, and she would not do as I say. So I fixed her. Now you may hang me when you please." Winterstein arrived here on the Colon, last Saturday.

Friedman testified that he assaulted him because he had persuaded Friedman's sister, a pretty seventeen-year-old Jewish girl, to sign an agreement that she was Batoose's wife and would recognize no other marriage contract. Friedman also testified that Batoose was driven out of Russia five months ago for his anarchistic teachings.

Summer School of Art.

The third exhibition of the Virginia Summer School of Art took place in the studio in the mechanical hall of the University of Virginia, August 24 and 25. The exhibit showed more work and of better quality than any previous one.

The pictures were arranged tastefully and filled three walls of the hall, the two sides being devoted to studies in color, the end wall opposite the windows to charcoal drawings, an artistic sketch of a young woman framed in oval, by Miss Elizabeth Barbour, of Richmond, being especially noteworthy.

There were also some vigorous drawings by Mr. Shepherd, of Petersburg, Miss Grace McEnlly, of Chesterfield county, and Miss Minnie Watts, of Franktown, Northampton.

A spirited action of a red-haired girl stood out well against a scarlet drapery and did great credit to the work of Miss Mary Duke, as well as did a fine study in oils of a lady in blue.

In the medium of oils Miss Barber's talent was well displayed in a pleasing restful study of the old arcades of Jefferson's day gleaming pure and white amid the summer foliage.

An exquisite bit of cloud effect in a delightful landscape spoke well for Miss McEnnily's appreciation of the beautiful.

Miss Morgan, of Lynchburg, had a beautiful little woodland scene, in which one could almost hear the thrill of the wood thrush's note, and which recalled vividly a similar one painted by the famous actor, Joseph Jefferson, now hanging in the Corcoran Art Gallery in Washington.

Messrs. Walker and Mueller, of Richmond, were represented by good landscape studies in oil. Miss McIntire, of Richmond, had a pleasing study of a young lady. Mrs. Hawes, of St. Louis, a charming genre picture of a child in a white dress sitting in the shadow.

In the water colors the work of Miss E. D. Rice, of Washington; Mrs. Carroll and others showed great promise and was said to be the best hitherto produced in the school.

Much appreciation was expressed of the faithful and skillful teaching of Mr. Rae Sloan Bredin, of New York. A good study of Norman, the little model and "mascot" of the summer school, smiling a welcome from a gilt frame on the wall, well represented the master's own skill.

Today's Telegraphic News

Grave Conditions in Russia.

St. Petersburg, Aug. 28.—Extraordinary measures have been taken to preserve order in St. Petersburg and vicinity. The situation owing to the wholesale assassinations of prominent officials that have occurred at various places, is acknowledged to be of the gravest character, and strong patrols are to be found in every part of the city. There are persistent rumors afloat today that martial law will be proclaimed, although the council of ministers has definitely declined to adopt the proposition for a dictatorship. The decree issued by the Czar granting 4,500,000 acres of crown lands to the peasants has not made the slightest impression, the peasants expecting to receive the land gratis instead of having to pay a comparatively small sum for the property.

Warsaw, Poland, Aug. 28.—General Trepoff, the "iron fisted," suppressor of revolutionists, in St. Petersburg, is to be appointed Governor General of Warsaw, according to a report current here, as the only man capable of dealing with the reign of anarchy which prevails here.

Murder goes practically unchecked and lesser crimes are committed with impunity. Twenty-two murders have been committed since August 23.

Every murder of any person of consequence is followed by stern repressive measures, which result in the slaughter of many innocent persons, and this in turn provokes fresh outrages. The police are helpless under the circumstances. It is known that fully 100 storehouses of bombs are in existence, yet not one has been discovered.

St. Petersburg, Aug. 28.—Vengeance upon the revolutionist has been declared by a secret society known as the "Death for Death" for the killing of General Woularlarski at Warsaw yesterday. Five members of the late douma, including deputies Peterunkevitch, Rodischeff, and other revolutionary leaders are among those on whom the society had passed the sentence of death.

The announcement of the death sentenced is continued in a letter to the newspaper Strana, wherein the "Death of Death" society makes known its intention to kill a revolutionary leader for ever victim of terrorists. The letter containing the death warrant is signed with a device showing the skull and cross bones and a Nagaka.

St. Petersburg, Aug. 28.—Fire is the latest weapon to which the revolutionists have resorted in their fight against the government and its supporters. A wave of incendiarism is sweeping across the country leaving in its wake a trail of ruin.

Further troubles are reported at various parts of the empire today. In Moscow a new reign of murder of policemen has been inaugurated. Most of the assaults have been committed by terrorists riding in cabs. From three closed carriages they have fired on numerous officers. Several are reported as seriously wounded.

A bloody fight occurred at Samara between the police and revolutionists. Two thousand persons marched through the streets carrying revolutionary flags. When the police tried to disperse them a fight followed, in which many officers were wounded.

Another fight between police and peasants occurred at Karlovka in the government of Poltava. Many casualties are reported on both sides.

Threats to Exterminate the Jews.

St. Petersburg, Aug. 28.—Threats to exterminate the Jews of Warsaw have been made by the soldiers of the Polish capital in revenge for the killing yesterday of General Woularlirski, who was shot down in his carriage by an unknown man, supposed to have been a Jew. As a result of these threats, the Jews are in a panic and many are fleeing from the city.

This is the information contained in despatches arriving here today. There seems to be plenty of authority for the reports that a massacre of Jews is probable and further news from the city is eagerly awaited.

The death of General Woularlarski has aroused the soldiers to a point of fury. All efforts to apprehend the man who fired the fatal shots have proved futile, as he escaped in the excitement following the attack upon his victim, and no authentic description of could even be given.

The soldiers vow they will be revenged for his death and threats have been made by the men under the dead general's command that every Jew in the city will be killed.

In the Jewish quarters, the greatest alarm prevails. Many Hebrews have already fled from the city fearing the wrath of the soldiers will be visited upon them and others are preparing to fly.

Those who remain have banded themselves together for protection and are prepared to sell their lives dearly.

Woman Brutally Murdered.

New York, Aug. 28.—A "Jack the Ripper" murder was committed in the Bowery district early today, and the only clue to the murder is a bloody thumb print. The victim of the ripper's knife is Annie Moore, a woman forty-eight years old, who for many years lived in illicit relationship with her brother-in-law, James Moore. The police say Moore's wife is living. They have arrested him on suspicion. Slashed and gashed to bloody mutilation the woman was found early today lying across her bed in the attic of No. 6 Second street. Moore told the police he found her dead on his return home. The woman was dressed in a white shirt waist, and a dark skirt. The clothes were cut and soaked with blood. There were four horrible wounds, any one of which Dr. Smith, of Bellevue Hospital, said would have proved fatal. One of the cuts started under the left ear, ran across the neck and up under the chin; another cut had severed the jugular vein, from which the blood was oozing when the police visited the scene; the third gash was discovered under the left breast, the ripper's knife having cut through the woman's dress; the fourth cut was in the abdomen. The knife had sunk several inches deep into the woman's body and been drawn in a long sweeping slice from side to side. Moore rushed up to Patrolman Grady today and tremblingly told the officer that some one had killed his wife. The police went at once to Moore's home. Near the body of the woman they found the bloody imprint of a thumb on the sheet. The imprint was that of the broad thumb of a large man, a sailor or workman. There were no evidences of a struggle. The police carefully saved the thumb mark. Moore, who is a consumptive, has long been known among the denizens of the Bowery and has lived on the earnings of the slain woman. The police think he may be the Jack the Ripper, and today an imprint will be taken of his thumb, though his hands are soft and clammy with approaching physical decay and the mark on the bed sheet is that of a strong powerful man. The police today discovered in a dresser in the woman's room where she lay three life insurance policies of the Prudential Life Insurance Company of Newark. One of the policies for $275 was made out in the name of Mrs. Annette Moore and was made payable to James Moore, who is now under arrest.

Conditions in Cuba.

Havana, Cuba, Aug. 28.—Arbitration of the troubles which led to the revolution in Cuba on the basis of a new presidential election, with the United States, is desired by Col. Pino Guerra, the insurgent leader in Pinar del Rio province, as a means of ending the insurrection. If the new election is not given Guerra says his force will stay out indefinitely.

Guerra's desire to arbitrate with the United States was expressed to the correspondent of the Publishers Press who visited him in his camp. He talked freely of the causes which drove him into the field, against the government, blaming President Palma for having conducted the last election in such a manner that the people had no chance to express their wishes.

If there is to be arbitration Guerra declared it must be with the United States or some other outside power. The insurgents will not trust a promise from Palma, and will never accept any offer to compromise with him.

Arms for Cuba.

New York, Aug. 28.—A shipload of arms and ammunition for the Cuban revolutionists is on its way from the United States to the neighboring island. These weapons are to be secretly landed and used in arming new insurgent bands. The vessel which is carrying the consignment of war material is known as the Andra, a two masted schooner, with auxiliary power. Just where the vessel cleared from is not known, but it is believed to have been from Philadelphia, and she is supposed to have sailed yesterday. Two other filibustering expeditions are known to be preparing to sail for Cuba at the first opportunity.

Desertions from Dowie.

Geneva, Switzerland, Aug. 28.—Two hundred desertions among the Swiss followers of John Alexander Dowie are announced following the receipt of news from Zion City by the devotees of Elijah II. that money contributed for investment in Zion City has been lost. The former followers of Dowie have now changed their religion.

He entered as a boy of 16 and led the cadets in the battle at Newmarket. Since the resignation of the late Gen. Francis H. Smith as superintendent, in 1890. Caesarian Operation.

Dr. A. Lee Franklin, at the Western Maryland Hospital, Cumberland, on Sunday successfully performed a caesarian operation upon Mrs. Mamie Twigg, who, with her husband and one child, resides on the National pike, about six miles west of Cumberland. Dr. Franklin was assisted in the operation by Drs. Cole, Hodges, Owens, Cowherd and Watson. Mrs. Twigg had previously undergone three severe abdominal operations, these necessitating the more radical operation of Sunday, as cohesion, due to the previous operations, prevented childbirth, although the effort had been vainly prolonged five days, and the caesarian operation offered the only hope for saving the life of Mrs. Twigg. Both Mrs. Twigg and her offspring, a baby girl, are doing well and are expected to live.

Investigation by the Mayor.

A number of persons assembled in the Mayor's office in the City Hall at eight o'clock last night to hear the investigation by Mayor Paff of the printed report that Chief Pettey had used his official signature in asking the different fire insurance companies represented in the city for contributions for a horse for his use in going to fires. Chief Pettey, who was present, was represented by Mr. S. G. Brent.

The Mayor, in opening the investigation, stated he had learned through the newspapers that the Chief had used his official capacity in asking aid from fire insurance companies for the purchase of a horse, and if such was the case it certainly brought discredit and censure upon the city. He then read the article printed in the Gazette on August 18 which was copied from the Insurance Review of New York, which criticised Alexandria in allowing its Chief to apply for aid from fire insurance companies.

The Mayor asked the Chief if he had done as the articles had stated.

The Chief, in answer, stated that he had written to several of the insurance companies represented in this city, asking for aid in purchasing a horse to assure his quick arrival on the scene of a fire. He had received a few answers, one of the letters containing a check for five dollars, sent by Mr. Justus Schneider, a local agent, which he sent back to that gentleman with word that he (the Chief)intended keeping the present horse until after the coming winter. At that time he was of the opinion that he had not violated any ordinance and still was under the impression that he had done nothing wrong. Chiefs of other cities, he said, received money from insurance companies, and he cited an instance where a Chief with whom he was acquainted received $600 a year, for the same purpose for which he made application. He thought this consideration was due him after 43 years of active service. The Chief then enumerated the many large fires the city experienced previous to his entering upon the duties of his office and stated that, in his opinion, this was due to his predecessors not having a fire cart in order to get on the scene of conflagration in time. During his incumbency no big fires had resulted, owing to his quick response to alarms. In conclusion, the Chief said that he did not want this horse for his personal use, but for the benefit of the city, and that when he was out of the city the acting Chief had the use of the fire cart if he so desired it.

Upon being questioned, the Chief stated that the first horse was given him by Mr. F. M. Hill; the second was bought by him for $150, friends contributing $28, and the present one he purchased for $50.

He had, while a member of the Hydraulion company, paid his own money for taking hose back to the engine house. He had never asked for a uniform, but had purchased one upon being elected to office. This no other Chief of the Alexandria fire department had done. He had never asked Council for a horse.

The Mayor then read a petition dated April 11, 1905, in which the Chief had asked Council to increase his salary to $180.

Mr. Brent said there had been no increase in salary, but that the Chief had been allowed $150 a year for stabling his horse; that his salary was only $50 a year. In his opinion there was no law or ordinance the Chief had violated and no personal gain could have resulted from the application for contributions.

The Mayor stated that he differed with Mr. Brent, and that owing to the Chief's long and valuable service he would let him off with a reprimand, and hoped that a repetition of the act would not come before him again.

The investigation then closed.

After the investigation the Chief approached the Mayor and extended his hand at the same time thanking him for the courteous manner in which he had been treated. The Mayor replied by telling the chief he thought as much as ever of him, and hoped a similar incident would never occur again.

More Rain.

At the close of yesterday, which had been sultry, black clouds gathered in the west and northwest which were soon being wafted to the east and northeast by a high wind. Rain followed, accompanied by thunder and lightning, and the downpour continued at intervals until about one o'clock this morning. Although no material damage resulted from the heavy and continued rains, certain portions of the city and environs were flooded, especially the extreme western end of King street in the vicinity of Spring Park where the roadway was submerged. People who arrived here today from portions of Fairfax county say that in some places the roads are covered with water which came almost to the hubs of their vehicles. There is said to be some trouble at places on the Manassas branch of the Southern road, due to the excessive rains, and trains on the main stem have been delayed in their arrival here. So far there has been no abnormal rise in the river, nor is there any perceptible current.

The unprecedented rainfall throughout the east and south during the past few days is interesting the meteorologists of the United States, but thus far they have not found a satisfactory answer to their scientific inquiries as to the causes. The average rainfall for August in the vicinity of Alexandria heretofore has been less than four inches, but thus far this month more than 12 inches have fallen. Ordinarily at this season of the year the barometer is high over the southern States and low over the northern part of the country. During the past two months the barometer has been high in the North and low in the South. That is the immediate cause of the long, continued spell of wet weather. No one knows the real foundation of these conditions, which has brought more than three times the usual amount of rain fall in the month of August.

The pump at the intersection of Fairfax and Franklin streets is out of order and should be repaired.

Fined Twenty Dollars Each.

Among the cases before Justice Caton in the Police Court this morning was that of Guy Wood, white, and Wilton Skelton, colored, who were arrested between 12 and 1 o'clock last night by Officers Knight and Arrington charged with carrying concealed weapons. Wood, according to the evidence, was drunk, while Skelton pretended he was endeavoring to get him home. When the couple were on Alfred street, between Wolfe and Wilkes, one of them discharged a pistol. The officers heard the report and saw the flash and followed the two men, who proceeded north. Near the Alfred street Baptist Church, Skelton, it was alleged, dropped something in the grass, and Officer Knight, suspecting it was a pistol, made a search and found the weapon. The officers took the pair in custody and this morning they were arraigned before the Police Court. Skelton said Wood discharged the pistol, but the latter denied having done so. Justice Caton fined them $20 each.

Lead a Double Life.

Albert W. Avery has been arrested in Norristown, Pa., and lodged in jail at the instance of his wife, who was Miss Hattie A. Avery, daughter of the late R. W. Avery, of Alexandria. She was married to Avery in Atlanta, Ga., several years ago, and is now the mother of two children. It seems that Avery compelled her to live with him in Pennsylvania under the name of "Mrs. Wheeler," he posing as "James A. Wheeler." It is also alleged that he later appeared at a hotel in Norristown with another woman. The couple registered as "Mr. and Mrs. J. A. Wilson." They subsequently vanished, leaving an unpaid bill of $48. When these facts became known to Mrs. Avery she entered a suit for divorce. It is charged that Avery abused his wife and at times left her penniless. There are several other charges against the accused, and should the divorce proceedings be dropped he will be rearrested.

Wedding.

Mr. Louis E. Goodrich, formerly of this city, but now of Washington, and Miss Bessie Herbert, of Baltimore, were married in the latter city yesterday evening at the residence of the bride's parents. Immediately after the ceremony the young couple left by boat for a trip to Washington. Mr. Goodrich is a brother of Mr. Herbert Goodrich, of this city, and is a moulder in the Washington navy yard, where he has a host of friends. His wife is a popular young lady of Baltimore. Mr. and Mrs. Goodrich will be at home to their many friends on September 12 at 134 F street northwest, Washington. The many friends in this city of the happy young couple wish them a long life of health, wealth and prosperity.

Gambling on Houseboats.

It is said that the Commissioners of the District of Columbia have determined to exert every effort to break up the practice of gambling on houseboats within their jurisdiction. Commissioner Macfarland asked the corporation counsel yesterday to report whether there was any way in which they, through the police department or otherwise, could deal with the departure or arrival of persons alleged to be leaving Washington to take on the steamer Bartholdi for the purpose of gambling down the river beyond the District line. Various suggestions have been made as to steps which the police department might take.

Double Force on Southern.

We are informed by an employee of the Southern Railway Company that Superintendent C. S. Lake had issued an order that the force of expressmen between Harrisonburg and Manassas be doubled. This move is evidently the result of the complaint raised several days ago by shippers that the Southern was not handling the express in a satisfactory manner. It is said that several minutes are lost at each station in loading and unloading the express cars, and that the force of hands is too small to do the work. It is understood that the order is to go into effect immediately. —[Harrisonburg Times.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

James Smith, colored, arrested by Chief Goods and Officer Roberts charged with assaulting James Coleman, forfeited $5 collateral by failing to appear.

Prince Baltimore, colored, arrested by Chief Goods and Special Officer Travers charged with violating the law providing for the separation of the races in cars, was fined $5.

Guy Wood, white, and William Skelton, colored, arrested by Officers Knight and Arrington charged with carrying concealed weapons, were fined $20 each.

Two youths, named Hicks and Massey, suspected of stealing meat from railway cars, were dismissed.

Richard Pines, colored, charged with assaulting a woman, was dismissed.

The following cases were continued:

Frank Jackson, colored, arrested by Officer Garvey charged with stealing $25.

Two young men, arrested by Chief Goods charged with disorderly conduct.

A restaurateur, charged with maintaining a nuisance on his premises.

"Slim" Clark, colored, charged with gambling.

Offensive Odors.

A restaurateur was cited to appear before the Police Court this morning and show cause why he should not be fined for maintaining a nuisance on his premises. It was alleged by the officers and neighbors of the accused that at times the effluvium from dead crabs was unbearable and that the annoyance was chronic. The accused in his defense said he had made arrangements with a wagoner to remove the crustaceans daily, but at times they had not been taken away. He averred that he had done his best toward abating the nuisance complained of. Justice Caton told him that it was obligatory upon him to remove the objectionable offal, and that he would suspend judgment in order to see if he did so. He further stated that were there no more complaints, the case would be dropped, but if the matter was again brought in court the law would be enforced. For years those who have presided in the Police Court have had similar cases to deal with, and it is said that others who deal in crabs, clams, &c., in Alexandria cause unsavory smells in the neighborhoods in which they conduct business.

Tournament.

The tournament held at Luna Park yesterday was a success, notwithstanding the inclement weather. The rain interfered considerably with the carrying out of the morning programme of athletics, and the regular tournament features had to be postponed from 1 o'clock until nearly 5. Virginia, Maryland, and the District of Columbia were well represented. A prize of $80 was distributed among the four successful tilters. Richard Moncure delivered the charge to the knights. The coronation address was delivered by James E. Clemeats. The first prize was won by C. Downs, "Knight of Virginia," who crowned Miss Vivian McIntosh "the queen of love and beauty," and her maids were Miss Pauline Johnson, maid of honor; Mrs. Mary Seibel, and Miss Mary Love. Thomas Head won the second prize, L. Seibel third prize and L. D. Love fourth prize.

Violated the Law.

Prince Baltimore, colored, was arrested on an electric train about 7 o'clock yesterday evening by Chief Goods and Special Officer Travers charged with violating the law requiring the separation of the races on cars. Baltimore was on his way to this city and after boarding the train took a seat in the forward end of the car and objected when requested to sit in the rear portion of the coach. He was fined $5 in the Police Court this morning. Baltimore in his defense said the seats were wet in the rear end of the car from the fact that it was raining and the windows had not been lowered.

Will be Reunited.

Mrs. Mary J. Smith, of No. 1105 west Clay street, left Sunday for Huron, Mo., to visit her sister, Mrs. Elizabeth E. Armstrong, who left Louisa, Va., just after her marriage, way back in the fifties, several years before the beginning of the civil war. They are the only surviving daughters of the late Watson C. Gentry. Mrs Smith is accompanied by her daughter, Miss Ida Smith, and also by her son, Mr. John R. Smith, of Alexandria.—[Richmond Times-Dispatch.

LOCAL BREVITIES.

Judge Turner, of the Circuit Court of Loudoun, held a special term of that court in this city today to hear arguments on a motion to dissolve an injunction in the case of Moore, Clements & Co., vs. Grubb Bros.

Considerable excitement was caused on Commerce street last night by the cries of a colored woman who was being assaulted by her husband. The latter vanished when neighbors came to the house.

An aged colored woman named Emily Christian was struck and killed by a north bound Southern Railway train on Tye river bridge, a short distance this side of Monroe, a night or two ago.

Mr. S. B. Baker was caught between an engine and car in the Potomac yards this morning and quite painfully bruised. He was taken to the Alexandria Hospital for treatment.

The iron pipe across Fairfax street at the intersection of Franklin is stopped up and no water now flows through it; consequently the intersection of that street is in a muddy condition.

Capt. E. S. Randall will give the officers, teachers, and scholars of the Sunday schools of this city a complimentary excursion to River View tomorrow on the steamer Queen Anne.

There has been a decided drop in the temperature since yesterday, the mercury at noon registering 69°. At the same time yesterday it stood at 85°.

The Henry street railroad track has not as yet been connected with that of the Washington-Southern Railway northwest of this city.

New Regulations.

Superintendent Eggleston, of the department of public instruction, has issued a circular to the school boards of counties and cities dealing with a number of matters pertaining to the new regulations which are becoming operative.

Under the new regulations the teachers are to be paid at the end of each calendar month, even though they may have taught only a part of the week. Teachers are to be engaged for the school month, however, but they are to be paid at the end of the calendar month for the number of days actually taught. Reports will have to be made for any part of the month in which school is kept, even if only for one day.

The letter deals with many references to the changes made in forms of reports, the time for filing the same and to the less complicated system which is to be used. Term report forms are to be used, among others, and these are to be filed and bound for reference in lieu of the cumbersome old teachers' register.

A Healing Gospel.

The Rev. J. C. Warren, pastor of Sharon Baptist Church, Belair, Ga., says of Electric Bitters: "It's a Godsend to mankind. It cured me of lame back, stiff joints, and complete physical collapse. I was so weak it took me half an hour to walk a mile. Two bottles of Electric Bitters have made me so strong I have just walked three miles in 50 minutes and feel like walking three more. It's made a new man of me." Greatest remedy for weakness and all Stomach, Liver and Kidney complaints. Sold under guarantee at E. S. Leadbeater & Sons' drug store. Price only 50c.

Cross in Shark's Stomach.

In the stomach of a 15-foot shark that was landed on Saturday at Dock street wharf, Philadelphia, from the fishing schooner Colonel Thomas F. Austin were found several articles that seem to prove that he was a man-eater. One was a cross such as is usually attached to a rosary, and this induced belief among the fishermen that a priest had been one of the shark's victims. By the same reasoning it is argued that he must have eaten a woman, as a pair of gold earrings was with the cross and bits of leather were supposed to have formed part of the boots of an unfortunate sailor. The shark was killed after a fierce fight about 160 miles southeast of Cape Henlopen. He had been eating a sea-bass hooked by the fishermen faster than they could be hauled on board and he was finally harpooned and landed on the schooner deck. The monster was equipped with three distinct sets of saw-like teeth and was of a species seldom seen except in tropical waters. Captain Flynn, of the Austin, regarded the shark as such a marine curiosity that he presented it to the Academy of Natural Sciences, and it will be preserved.

Prof. Tyler, of Amherst college, said recently: "A man can live comfortably without brains; no man ever existed without a digestive system. The dyspeptic has neither faith, hope or charity." Day by day people realize the importance of caring for their digestion; realize the need of the use of a little corrective after overeating. A corrective like Kodol For Dyspepsia. It digests what you eat. Sold by W. F. Creighton & Co, 401 Kingstreet.
